

The core of the town

In 1990 Eschenbach started to redevelop the town center, a process that is almost finished. The Town hall can be seen as the central building, built in 1570. The town core is an attractive residential area but also the perfect location for several retail shops, banks, gastronomy and many health services. In addition to the characteristic churches at the East and West end of the old town, also the art works of the town hall and rotary fountains and the glass art at Marienplatz show the beauty of this area. Strolling through the alleys pays off as well.

Nature and relaxation

The Eschenbach „Erholungswald“ (forest for relaxation) is just the second forest in Bavaria that received this title. This is a sign for extraordinary relaxation.

The forest contains of the natural reserve „Vogelfreistätte Großer Rußweiher“ (the lake area of Rußweiher) and the forest nature trail „Holzweg“ which we would like to inform you briefly about.

1 Forest adventure trail Holzweg

Playful, meditative and mystical elements link this forest adventure trail near the B470 near Eschenbach i.d.OPf. and its surroundings in a unique way, thus awakening

the spirit of research in young and old at various stations: Walk-in bird house, „music school“, maze, barefoot path, pond with ferry, playgrounds with slides, climbing, seesaws and swings and much more.

2 At the Taubnschuster

„At the Taubnschuster“ every step is an experience: Whoever stands in the Taubnschustergarten and then opens the gate behind it, reveals a view of the infinite natural beauty around the city. But the Taubnschuster is more – museum in fact. On the first floor there is a modern multimedia show that shows the way from the village to the city. Includes animated, red-lit streets that simulate the devastating 19th-century fires.

The Taubnschuster is both a cultural city and a stronghold of Zoigl. During the summer weeks, music events take place regularly at the Kulturhof. The famous Zoigl beer, which has a long tradition in the Taubnschuster, is preferably drunk. Visitors are greeted in the „Zoigl sky“ as soon as they enter the building. No wonder, in the Taubnschusterstuben on the ground floor, after centuries of practice, the own brew was served. By the way, the Zoigl tastes particularly sweet in the atmospheric vaulted cellar. Regular exhibitions with antiquarian books also delight visitors.

3 Forest kindergarten

If you want to bring nature to your children, you should go to the forest kindergarten of LearningCampus. At various stations, such as raft crossing and maze, real adventures can be experienced and forest pedagogical experiences can be made.

The site is located on the „Holzweg“, around an existing trailer, which also serves as a shelter. The concept of the forest kindergarten: The children stay outdoors all year long. In case of bad weather the trailer donates shelter.

☎ 01 60/843 1731

4 Campsites Rußweiher

On the banks of the Rußweiher pond, in the middle of a wooded landscape, there are 2 campsites, which are also ideal for swimming, fishing and boating, as well as sailing and surfing.

5 Generation Park

Move, meet, experience together: this is what the Generation Park offers for all age groups. Embedded in the „Eschenbach-Aue“ on the former site of the Kalvarienberg children's playground, it entices visitors with attractive activities.

6 Lake „Rußweiher“

The outdoor facilities of the Rußweiher lake which were built in 2007 and recreated in 2011 with a special fun area for the young children offers fun and relaxation for all sun worshippers and bathers. It is the only bathing lake in the region with the opportunity to explore Rußweiher lake with a paddle-boat and by stand-up paddling. Refreshments will be served by the kiosk.

7 Adventure golf course

Discover our new attraction at the Lake „Rußweiher“! The special feature of our facility are the buildings, water systems and decorations that are fun to play. On 18 tracks, our beautiful region is playfully brought close to you. Maybe after the game it will arouse your interest to explore the northern Upper Palatinate further and to approach these presented destinations. The adventure golf course can be found at the Hotel Restaurant Russweiher.

Events in Eschenbach

There are of course a number of events in Eschenbach. There is for example: Citizen Festival, Strong beer festival, Maypole Festival, Oktoberfest, Farmers market, X-Mas-Party and much more...
